Thank you for letting us know – did you let 1st shift know as well?

I included Lt. Smith on this email as Capt. Calucci is out of the office this week.

I would be curious to hear if Fusion has any information on him. Is he affiliated with UTSA?

Subject: Lance Patrick Mason 2025-00631

Good Morning,

I just received a call from Lance Mason who was involved in Case # 2025-00631 (Written as an Assist Outside Agency- Outstanding Warrant). Mason wanted the case number and all of the officers that were involved in the report on 6/24/2025. I was unable to provide him with the case number due to his agitated state. During the initial case on 6/24 he came in to report possible human trafficking and theft of trade secrets; however, none of the information appeared credible or pertained to UTSA specifically.

Here is a snippet from the report, "I inquired about the nature of the theft of trade secrets that Mason wanted to report. He claimed that his former employer had stolen his software and believed that this employer was attempting to discredit him. Mason expressed that his former

employer, Sid Greenhey, had manipulated him into working for him, which led Mason to feel that he was a victim of human trafficking. He mentioned his ex-girlfriend, Nancy Lee, as someone who was making his life difficult, claiming she was responsible for his car loss and his homelessness. Mason stated he had previously approached the SAPD to report the theft of trade secrets but was told he did not have solid evidence, referring specifically to Officer Sullivan. When I asked Mason if he had any other interactions with the SAPD, he mentioned that he had been cited for camping in a public area.

Mason has also been homeless for the past two years and was arrested on the day of the report for a "Camping In a Public Place" warrant. Mason wanted the information he was reporting to be investigated and to be sent to the FBI.

On the phone, he stated he had recorded his entire interaction with officers, and he would now only meet with officers in the Sombrilla where he would record the interaction on Facebook Live. Mason mentioned he was going to meet with officers in the Sombrilla at some point today and will call me back. At 1127, Mason called me back again and went on a tangent about watching the bodycam footage of officers and if we had a Computer Science person look at his software, we would be able to determine his information as credible and would separate him from the "lunatics." I was unable to get a single word in during the phone call, and he hung up after telling me he would call me back later. At 1137 hours, he called back wanting to send all of his information to my email and the chief. I provided him with my email and the email address on the UTSAPD website.

Mason appears to be very agitated about our response to his original report and that it is not being investigated or being sent to the FBI.

If you have any questions or need any more information please let me know. He has already called me three times so I am sure he will call me back. I will also reach out to Fusion to see what they have for Lance Mason.

Fusion responded and stated they do not have anything extra on their end regarding Mason. They only have the report that he was contacted at a homeless camp last year and provided with DHS Outreach. The phone number he is calling from is also not attached to a name or address and just says "Atlanta Northwest, GA 30006." I did watch a couple of the videos he sent me in regard to his theft of trade secrets and human trafficking; however, I was not able to make much sense of it or how it correlated to human trafficking in any way. He does talk about UTSA in his other videos as well, but there did not appear to be any direct threats made to the Campus or the Police Department. He posted a story on his FB page approximately 21 hours ago where it looks like he calls himself a Paranoid Schizophrenic at the beginning of the video.

I have not received a call back from him since 1130, so I have no update on if he still plans on coming to Campus today.

Subject: [EXTERNAL] Lance Patrick Mason 10/1/1970

Good Morning,

I am reaching out to see if you have any information on Lance Patrick Mason DOB: 10/01/1970 with FL/DL: M250535703610. He came into our Police Department on 6/24/2025 to report theft of trade secrets and human trafficking which he wanted forwarded to the FBI. None of the information appeared to be credible and did not pertain to UTSA's campus so it was only taken as an Assist Outside Agency Report which is not going to be investigated further. Mason was arrested the same day for an outstanding SAPD Warrant for "Camping in a Public Place." He also mentioned to officers that he has been homeless for the past two years.

Mason has called me three times today and is very agitated on the phone and how officers dealt with his situation. He stated he recorded the entire interaction with officers on 6/24 when he came in and will now only meet with officers in the Sombrilla where he will record the interaction via Facebook Live. I was barely able to get any words with him on the phone due to his agitated state before he hung up the phone, but he stated he would meet with the officers in the Sombrilla today and call me back. Mason also stated he would be notifying the media and our Chief and that our department should "probably get a lawyer."

The phone number he is calling from is 678-813-3806

I am requesting this individual also be monitored in case he does become a possible threat to Campus Safety.

If you have any further questions or need any further information, please give me a call. I also provided Mason with my email where he should be sending all his "intel."

Hello,

We do not have anything extra on our end regarding Mason. He was contacted at a homeless camp last year and given information to the DHS Outreach. Are y'all going to criminally trespass him? Has he made any threats? We don't have him in our system beyond past reports. The phone number you provided doesn't show attached to any name or address. It just says: "Atlanta Northwest, GA 30006."

Thank you,

Subject: Re: [EXTERNAL] Re: [EXTERNAL] Lance Patrick Mason 10/1/1970

He was not issued a CTW the day he was arrested; however, I am sure we will give him one if he does decide to come to campus today and maybe ED him if he meets the criteria. He never made any direct threats, just expressed his agitation toward the officers on scene and how they brushed him off and didn't take his human trafficking information seriously. It sounds more like he wants to make a "scene" with the officers in a public place and post it on social media. His items were searched incident to arrest last time, and he did not have any weapons or contraband on him.

Detective Duff

Per our conversation I have included three videos to lay out the subject matter of forced labor. They are on the top of my Facebook page with your name in the description.

I will contact you later and hopefully you had time to review body cam and have escalated this.
Thank you in advance
